### **Photo Information**

Color photos are preferred; **contrast is very important**. Any dark photos will reprint darker on newsprint. Pictures are printed one column wide and no taller than 3". Photos are never used full length; they are usually cropped at the waistline or hands. Close-up photos from the waist up reproduce the best. Please do not use photos printed from a computer; instead photos may be emailed as jpeg attachments to: [advertising@archboldbuckeye.com](mailto:advertising@archboldbuckeye.com)
